Dear John

DIANA CRESCENT, LOCKRIDGE

We would like to take this opportunity to congratulate you on your success in having the project you designed for the Ministry of Housing at the above address, chosen as the winner in the Alterations and Additions – Between \$40,000 and \$60,000 category in the 1999/2000 Master Builders' Housing Excellence Awards.

Recognition such as this is very gratifying for the Ministry as it demonstrates that the Ministry is not only designing and constructing housing of a standard high enough to receive industry approval but also housing equal, and in many cases, superior to those of private owners. The Ministry of Housing is very appreciative of your efforts in this regard and thanks you for your involvement in helping the Ministry to achieve its goal of providing housing of a high standard to the first home owner market.

The Ministry of Housing looks forward to this successful working relationship with you continuing.

Yours sincerely
